

## Filing System Relocations

Companies are always on the move, expanding, relocating and it is important to ensure that your **ZIPPEL** mobile filing system containing your company information is relocated by a professional company with experienced staff and on site supervision.

Relocating a **ZIPPEL** is not as simple as picking up a desk or a chair as many of our clients who have been persuaded by Furniture Removal Companies have discovered to their detriment and cost. We provide 24 Hour response throughout Southern Africa 3 month guarantee on our workmanship.

## Fixed to “Mobile” conversions

**ZIPPEL** is a manufacturing company with the design capability to offer this unique method of saving **SPACE** and **MONEY**.

Many companies have over time purchased fixed cabinets or credenzas, but eventually run out of space, and only then realise that a “mobile” storage facility can liberate up to **60%** more available space.

The answer is simple, don't dispose of existing cabinets and purchase a new system, because **ZIPPEL** may be able to recycle your existing cabinets saving a considerable amount of money, by attaching cabinets to moving carriages and placing tracks on the floor we can provide the obvious benefits of a “mobile” system at a comparatively inexpensive price.

## Repairs and Servicing

We have products in daily use today which were installed more than **40 years ago** and it is a testimony to our uncompromising product quality that our systems are largely maintenance free, however misuse, overloading or forced entry result in typical problems that our service teams encounter on inspection and repair visits, we stock parts for **ZIPPEL** and even generic mobile systems supplied by other companies.

**Our technicians can service any type of system and we offer a 24 hour callout service.**
