

## DLT and Video Tape - Pull Out Cabinets

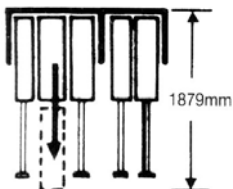

### Multimedia Storage Space-Saving Pull-Out Cabinets Ideal for "high access" tape storage

- Space Saving Pull-Out Cabinets
- New Design Heavy Duty Tape and Film Trucks
- Open Shelf Tape Storage System

Pull-out cabinet design maximises the use of your available storage space. May be installed in room alcoves or set-backs, giving you 100% storage space efficiency. An economical solution for tape storage in confined areas. Pull-out cabinets save floor space too, by eliminating unnecessary aisles.

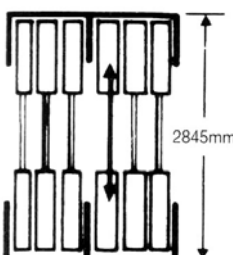

Unique, modular component design for unlimited flexibility plus maximum density storage. Units can be bolted together for any length of time. Ideal for "high access" requirements. Offer space savings, maximum storage, and reduce tape retrieval time.

Cabinets pull-out effortlessly on low-profile track, giving you instant access with 100% storage space efficiency.

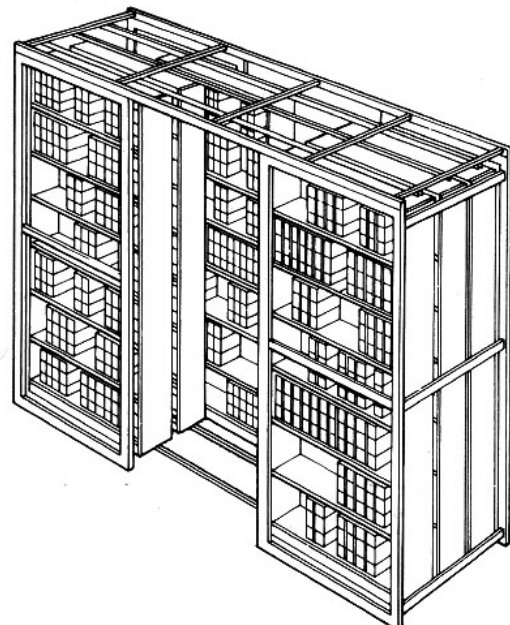

#### TYPICAL INSTALLATIONS

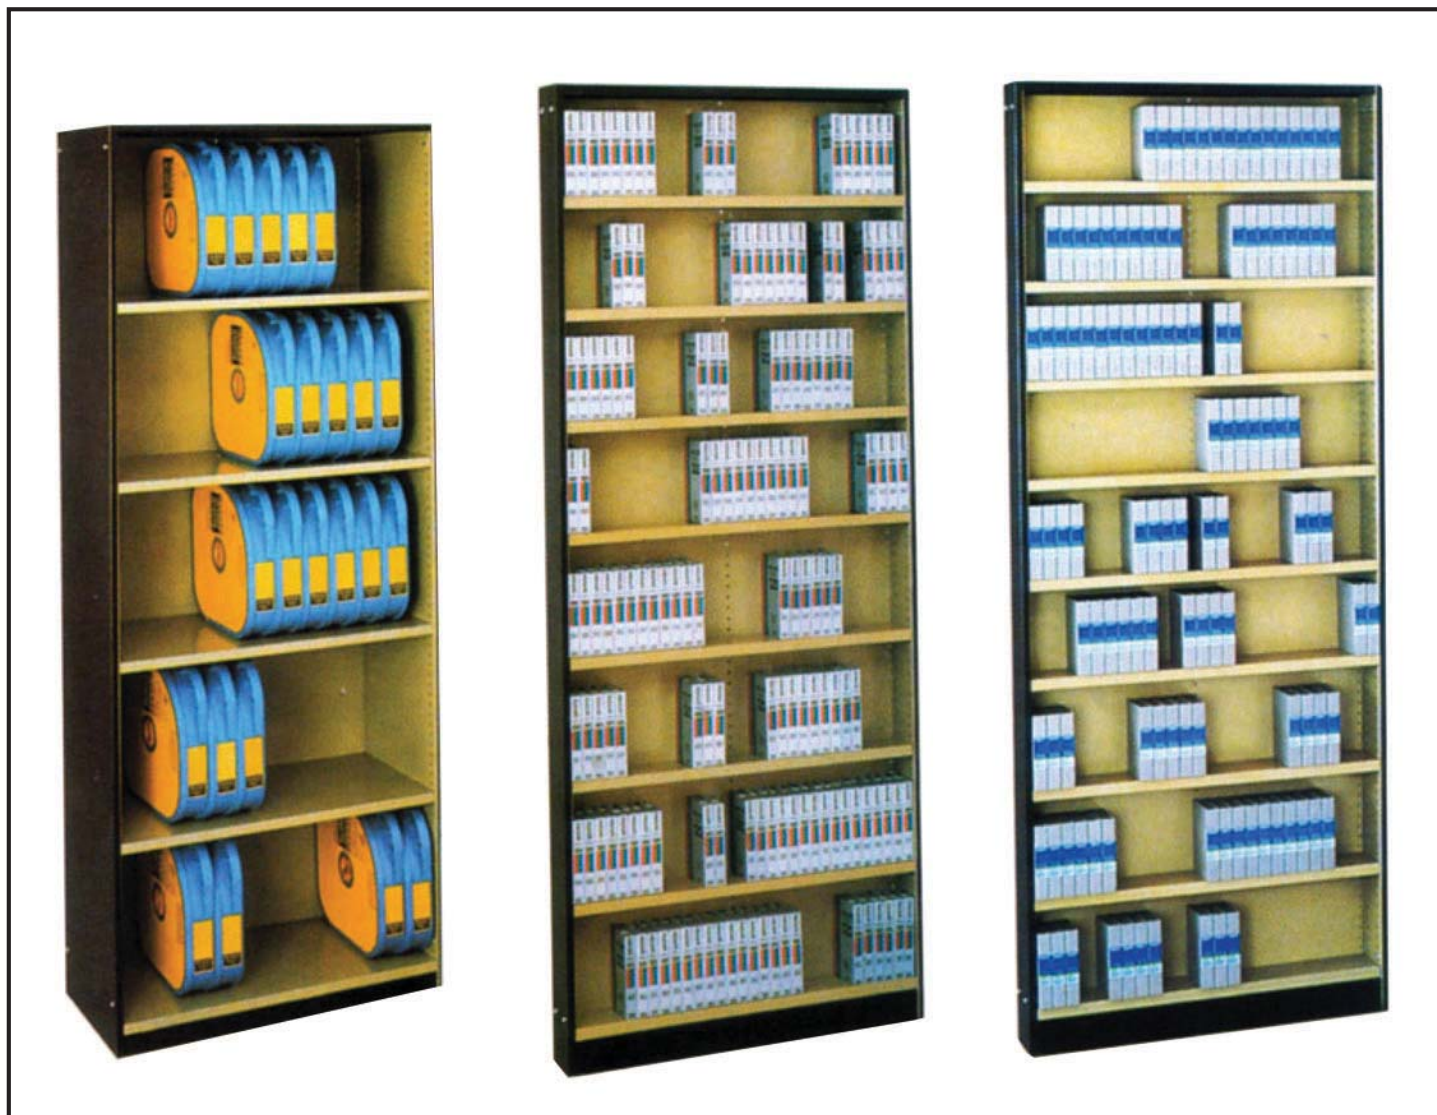

**Standard Pull-out Combination**  
Sliding cabinets, in two unit or three unit configurations, pull-out for saving access to tapes. Ideal for previously unusable storage space.

**Walk-in Centre Aisle Combinations**  
Cabinets are installed directly opposite each other and use a common track and centre aisle. Units pull-out from left or right to provide fast access to stored material. All steel construction,

## DLT and Video Tape - Wall Mounted Cabinets

### Open Shelf Tape Storage System

Heavy-gauge steel cabinets to help you organise your tapes for instant retrieval. Shelves adjust up or down in 25mm increments. "Add-on" cabinets bolt on side-to-side for in-line installations.
